Prodways expands its sales network in Sweden and India even further in the run-up to its participation in September's major 3D trade shows

Prodways, a subsidiary of Groupe Gorgé, announces the signing of two new partnership agreements with 3D Center in Sweden and Stanley 3D Tech in India.

Stanley 3D Tech is a newly established company aimed at developing and offering 3D printing solutions on the Indian market and generating a center of excellence on this continent. The company has provided Prodways with a team of additive manufacturing experts and engineers to distribute its solutions across India.

Its founder, Mr. Stanley Soans, is an entrepreneur with more than 18 years experience in the industrial sector. The company aims to offer the most effective 3D printing solutions on the Indian market.

In the words of Godwin Soans, Chairman of Stanley 3D Tech: "Our partnership with Prodways will give us the opportunity to offer a wide range of 3D printers together with a range of high-quality materials on the Indian market, while enjoying the support of a team of additive manufacturing experts. Prodways offers a comprehensive solution for the 3D printing market and is set to become one of the leading players on the global market. Working with Prodways will enable Stanley 3D Tech to support Indian companies across all market segments by providing them with a high-quality solution based on exclusive MOVINGLight® technology."

In Sweden, 3D Center has specialized for several years in the distribution of professional 3D printing solutions in Northern Europe, Scandinavia and the Baltic region. In particular, the

partnership with Prodways will enable 3D Center to develop a complementary offer in this region in order to provide its customers with all the latest 3D printing technologies.

"The collaboration with Prodways is a major step in the development of 3D Center, since it will help us to continue to provide our customers with the most recent technological developments. Prodways solutions are fully in line with 3D Center's philosophy, based on searching for high-quality solutions that will enhance our existing offer," said Casper Rosén, co-founder of 3D Center.

These two partnership agreements confirm Prodways' target to operate in the leading countries of the five continents where additive manufacturing is offered by end-2015. Accordingly, the Prodways teams will have a massive presence in the major additive manufacturing trade shows held worldwide in September, namely 3D Print in Lyon (September 15-16), EuroMold in Düsseldorf (September 22-25) and the TCT Show in Birmingham (September 30 and October 1).

Disclaimer

This press release could contain statements on past events and forward-looking statements including statements regarding future goals or targets. Forward-looking statements reflect current expectations for results and future events.

Such forward-looking statements and targets depend on known and unknown risks, uncertainties and other factors that may cause actual results, performance or events to differ materially from those anticipated herein. All these risks and uncertainties could affect the Group's future ability to achieve its targets. Risks, uncertainties and other factors that could cause actual results to differ materially from the results anticipated in the forward-looking statements and targets include, among other things: the risks and uncertainties possibly mentioned in this press release; the strength of competition; the growth of the market; currency fluctuations; interest rate fluctuations; raw materials and freight price fluctuations; armed conflicts or political instability; control of costs and expenses; changes in tax legislation, rules, regulation or enforcement; our ability to successfully keep pace with technology changes; our ability to attract and retain qualified personnel and key-men; the evolution, interpretation and uniform application and enforcement of International Financial Reporting Standards (IFRS), according to which we prepare our financial statements; supply chain bottlenecks; the performance of our business partners (subcontractors, agents, suppliers, etc.).

Some of these risk factors are set forth and detailed in our Document de Référence (Registration Document including the annual financial report filed with the French Autorité des Marchés Financiers). This list of risks, uncertainties and other factors is not limitative. Other non-anticipated, unknown or unforeseeable factors could also have material adverse effect on our targets. The Group expressly disclaims any obligation or undertaking to update or revise any forward-looking statements or targets potentially contained in this press release to reflect any change in events, conditions, assumptions or circumstances on which any such statements are based.
